

Terms of Service (Terms of Use)

Terms of Service for Jemmah *Last Updated: June 2, 2026*

1. Acceptance of Terms By downloading, installing, or using the Jemmah application, you agree to be bound by these Terms of Service. If you do not agree, do not use the app.

2. About Jemmah Jemmah is a non-profit, non-commercial hobby project created by Tejas Patil. The application was developed using Artificial Intelligence tools, including Gemini and Claude. Jemmah is branded under the Skylabs India domain (<https://jemmah.skylabsindia.com/>) but is the sole property of Tejas Patil and is not affiliated with the legal entity "Skylabs India Private Limited."

3. No Liability / "As-Is" Disclaimer Jemmah is provided strictly "as-is" and "as-available." Tejas Patil holds all rights to Jemmah. By using this app, you acknowledge that you do so entirely at your own risk. The creator disclaims any and all responsibility for data loss, device performance issues, software errors, or any other consequences resulting from the use of this application.

4. Updates and Support This is a hobby project. There is no guarantee of future updates, feature maintenance, or technical support.

5. Contact For inquiries, please use the contact form at <https://skylabsindia.com/> or email chikyasdomain@gmail.com.

Privacy Policy

Privacy Policy for Jemmah *Last Updated: June 2, 2026*

1. Commitment to Privacy Tejas Patil respects your privacy. Jemmah is designed as a local-only, offline application.

2. Data Collection Jemmah does not collect, store, transmit, or process any personal data via external servers.

- All inputs, including tasks, chats, and interactions with the AI models integrated into the app, are processed locally on your device.
- No data leaves your device.
- No user accounts, logins, or credentials are required.

3. AI Transparency Jemmah utilizes AI models (Gemini and Claude) to assist in functionality. These models are integrated such that your inputs are processed locally on your device hardware.

4. Third-Party Sharing We do not share, sell, or disclose information to third parties, as there is no data to share.

5. Logo & Assets The app icon, "Jemmah Logo.png", is a registered asset of this project.

Data Safety Form

When filling this out in the Google Play Console, use these answers:

- **Does your app collect or share any of the required user data types?** No.
- **Is all of the user data collected by your app encrypted in transit?** Not applicable (app is offline).
- **Do you provide a way for users to request that their data be deleted?** Yes.
(Since all data is stored locally, users can delete their data by uninstalling the app or clearing app storage in their Android settings).
- **Data Collection Statement:** "Jemmah is a local-only hobby project. No data is collected, stored, or transmitted to any server. All information remains on the user's device."

Permissions Declaration

Permissions Declaration for Jemmah

To function as a local personal assistant, Jemmah requires the following permissions. These permissions are used exclusively for local device functionality:

- **Microphone:** This permission is requested to allow the user to utilize voice-to-text features. No audio is recorded, stored, or transmitted to any external server. The processing occurs locally on the device using the AI models integrated within the app.
- **Storage (Files and Media):** This permission is required solely for the app to save your local task list, chat history, and app settings. No files are uploaded to any cloud or remote server.
